## Mobile Wood Fired Pizzeria

Pizza 900 makes traditional authentic Neapolitan wood fired style pizzas using the same techniques and recipes and ingredients that the Italians have been perfecting for over 120 years.

However, Like any artist, our chefs have incorporated their unique tastes and characteristics to a variety of different pizza pies. Pizza 900 uses the freshest authentic ingredients to make your pizza masterpiece.

## The Dough, Sauce & Cheese

We use the Best quality flour imported from Italy. We hand make our bread using the same techniques and we don't add any sugar, butter or oil to our dough. Our pizza is Thin but our crust is thick and full of flavor.

Our Sauce consists of imported peeled tomatoes that come from the regions of Salerno. We use a simple mixture of basil and sea salt according to traditional Neapolitan style.

Our primary cheese is Fior Di Latte Mozzarella. We make it in house fresh daily. We use the finest cheese curd, milk and sea salt to create the most delicious mozzarella cheese you have ever had on a pizza.

---

## Our Goal

### Process

Our Goal is simply to provide the freshest, best tasting pizzas to your guests at your wedding, private party or corporate function. We have setup our Italian Brick Oven set on a custom built trailer so that we can bring our pizzeria to your event location, office or residence.

### Endless Creativity

We take great pride in sticking to the traditional principles of generations old pizza making and have found that people are loving the taste of our unique pizza creations. Each pizza is cooked in our 900 degrees wood fired brick oven in less than 90 seconds. The experience is second to none and the taste is something that will stay with you forever. We Urge you to call us and lets us fire up your next event.
